

Mother Tongue Learning Fortnight and Cultural Camp

Mother Tongue Fortnight & Cultural Camp is a fun-filled annual learning journey that aims to create opportunities for our pupils to appreciate and deepen the understanding of their own Mother Tongue culture.

In this learning journey, pupils will be engaged in a variety of programmes ranging from traditional performing arts appreciation during assembly to hands-on classroom activities such as the making of Chinese traditional face mask, Malay Wayang Kulit and Indian puppetry. There will also be an exhibition put up by the Mother Tongue department at the end of the event to enrich the pupils' learning experiences through inquiry based learning and to provide a platform for pupils to present their products created in the classroom activities.
