

# Cohort Briefing for P6 Parents 2023

3 February 2023

# Shared Beliefs

- **We value every student**
  - Each student is unique individual with intrinsic worth. He/She has strengths, interests, passion and preferred learning styles.

- **All can learn**

- Educators are key to enabling students' learning. We learn to be more effective and role model the desire to learn and the process of learning.

- **Every student wants to succeed**

- Each student has hopes and dreams. We are committed to opening vistas and finding pathways that energise him/her to live a purposeful life.

# Assessment in BTPS

# No CA1 & Mid-year Exam (SA1)

- Use of weighted assessment in Term 1 and 2 for English, Mathematics, Mother Tongue and Science
- One weighted assessment per subject per term

# BTPS Assessment Policy

- Students who are unwell will not be allowed to sit for the assessment. Please refrain from sending your child to school for assessments if he/she is unwell.
- All absences must be supported by a valid medical certificate from a registered clinic/hospital.
- There will be no 'make-up assessment' scheduled for the Weighted Assessments.
- There will be 'make-up assessment' for Preliminary Examinations within 3 school days. Your child's teachers will inform him/her on the stipulated date/s for that.

Without mid-year exams, it is difficult to motivate my child to study. Besides, doesn't the removal of mid-year exams make the end-of-year exams even more stressful?

Assessments conducted at regular checkpoints teach our children to take charge of their own learning, which would benefit them in the long run. In fact, with too many exams, your child may end up feeling anxious and demotivated.

Besides, all school-based assessments, including year-end exams, are not meant to be high stakes. They are meant for school and teachers to assess how well their students have learnt and to identify areas the students may need support in.

With the removal of mid-year exam, how can I be kept updated of my child's progress in school so that I can continue to support his/her learning?

Through a variety of assessments conducted at regular checkpoints, teachers will provide more timely feedback on your child's learning. This is more effective than only receiving grades/marks at the end of the semester.

You can also draw different sources of information on your child's progress via:

- Teachers' written feedback provided through daily classroom practices such as, in-class work, homework, projects, class tests.
- Teachers' meeting with parents

How will school ensure that my child will have sufficient practice to be ready for national exams?

The year-end exams, as well as other forms of assessments, will continue to provide sufficient opportunities to assess your child's ability to apply their learning.

Teachers will also provide timed revision papers in class to:

- build your child's stamina to sit through a longer duration paper and manage time better during year-end exam.
- familiarise your child with the exam requirements during the course of the academic year.

Without exams, how can I continue to support my child in his/her learning?

Instead of periods of last minute cramming for exams, assessments conducted at regular checkpoints can provide our children with ongoing opportunities to consolidate their learning as they go.

- Draw a regular study timetable together with your child and guide them to keep to the schedule.
- Talk to your child about his/her learning in school. Help your child reflect on his/her learning so that he/she can remember better.
- Use teachers' feedback to learn about your child's strengths and areas of improvement, instead of focusing on the marks awarded.
- Affirm your child in areas he/she has done well and share ideas on how he/she can improve in the areas identified by teachers.

# Revised PSLE Scoring System

# WHAT IS THE INTENT OF THE PSLE?

**A useful checkpoint at the end of primary school**

**A fair way to determine secondary school posting**

Over the years, we have been changing the education system to help our students discover and develop their strengths and interests, while moving away from an over-emphasis on academic results. Our PSLE Scoring changes reduce an over-emphasis on academic results by:

1

Reducing fine differentiation of students' examination results at a young age.

2

Recognising a student's level of achievement, regardless of how his/her peers have done.

3

Encouraging families to choose secondary schools holistically based on students' strengths, interests and abilities.

# HOW THE PSLE SCORING SYSTEM WORKS

# FROM T-SCORE TO SCORING BANDS

## **a) Reduces fine differentiation of students' examination results at a young age**

- Students with similar scores in each subject are grouped into wider scoring bands measured in 8 ALs.

## **b) Reflects a student's individual level of achievement**

- Students' ALs for each subject reflect their level of achievement, rather than how they have performed relative to their peers.

AL	RAW MARK RANGE
1	$\geq 90$
2	85 – 89
3	80 – 84
4	75 – 79
5	65 – 74
6	45 – 64
7	20 – 44
8	$< 20$

# GRADING OF FOUNDATION SUBJECT GRADES

- Foundation subject grades are graded in scoring bands from **AL A to C**.
- To derive a student's overall PSLE Score for S1 Posting, AL A to AL C for Foundation level subjects are **mapped to AL 6 to AL 8 of Standard level subjects respectively**.
- Similar to the PSLE T-score system, this mapping is based on the learning and assessment load of the subjects, and informs students of how ready they are for the curriculum in secondary school.

FOUNDATION LEVEL AL	FOUNDATION RAW MARK RANGE	EQUIVALENT STANDARD LEVEL AL
A	75 – 100	6
B	30 – 74	7
C	< 30	8

# FULL SUBJECT-BASED BANDING (FULL SBB)

- MOE is expanding Subject-Based Banding to Full SBB in secondary schools.
- This is in line with the changes to PSLE Scoring to recognise each student's own level of achievement and encourage them to choose secondary schools that fit their strengths and interests.
- Full SBB aims to further nurture the joy of learning and develop multiple pathways to cater to the different student profiles. Through Full SBB, we want students to:

- have greater ownership of their education, and learn each subject at the level that best caters to their overall strengths, interests and learning needs, and
- have more opportunities to interact with friends of different strengths and interests.
- not be held back by negative self-concepts and labelling.
- have increased access to post-sec pathways, while having strong fundamentals in their subjects so that they are able to thrive in the pathway they choose.

# FULL SUBJECT-BASED BANDING (FULL SBB)

- Removal of Express, N(A) and N(T) courses
- Mixed form classes
- Common Curriculum subjects
- Offering subjects at a more demanding level, including Humanities subjects
- Common National Examinations
- Post-secondary Admissions

# HOW THE S1 POSTING SYSTEM WORKS

# CHOICE ORDER OF SCHOOLS MATTERS MORE

- Students continue to have **six choices** in selecting their secondary schools.
- Similar to past years, students continue to be posted to a secondary school based on **academic merit, i.e., PSLE Score**, and their **school choice order**.
- If there are two or more students with the same PSLE Score vying for the last remaining place(s) in a school, the following tie-breakers will be used in the following order:
  1. **CITIZENSHIP**
  2. **CHOICE ORDER OF SCHOOLS**
  3. **COMPUTERISED BALLOTING**

# USE OF HIGHER CHINESE LANGUAGE (HCL) FOR ADMISSION INTO SPECIAL ASSISTANCE PLAN (SAP) SCHOOLS

# HCL POSTING ADVANTAGE FOR ENTRY TO SAP SCHOOLS WILL CONTINUE

Students who obtained a Distinction/Merit/Pass for HCL at the PSLE and an overall PSLE Score of 14 or better will receive a posting advantage when applying to SAP schools.

Students will be considered for admission to SAP schools in the following order:

1st		7	NO HCL	Students with better PSLE Scores will be posted first, even if they did not take HCL
2nd		8	DISTINCTION	
3rd		8	MERIT	Amongst students with the same PSLE Score, those with better HCL grades will be posted first
4th		8	PASS	
5th		8	NO HCL	
6th		9	DISTINCTION	

- Students' HCL results are denoted as 'D' (Distinction), 'M' (Merit) or 'P' (Pass).
- Students who obtain (i) a Distinction / Merit / Pass in HCL and (ii) a PSLE Score of 14 or better are eligible for posting advantage to SAP schools.
- Students are ranked taking into account their performance in HCL.
- This posting advantage applies before the tie-breakers for S1 Posting.

# CHOOSING SUITABLE SECONDARY SCHOOLS WITH YOUR CHILD

# SCHOOL CHOICE JOURNEY

- The PSLE Score ranges are a **useful reference point** for parents and students to consider secondary schools.
- Use this information, together with other **important factors** such as the secondary schools' distinctive programmes, CCAs, ethos and cultures, to shortlist schools that would best fit the educational needs of the student.
- If your child has specific talents and strengths beyond the PSLE (e.g. areas such as sports, performing arts and leadership), consider the **Direct School Admission-Secondary (DSA-Sec)** as an alternative admission pathway to access secondary schools that have talent development programmes in these areas.

# PREPARING FOR THE S1 POSTING EXERCISE

Use all 6 options with a range of Cut-off Points as this will increase your child's chances of being posted to a school of their choice.

Take reference from schools' PSLE Score ranges, which serves as a guide for you and your child to shortlist school choices. Consider at least 2-3 schools where your child's PSLE Score is better than the school's Cut-off Point.

# PREPARING FOR THE S1 POSTING EXERCISE

Shortlist schools that offer programmes that cater to the your child's strengths and interests, and that provide suitable learning environments.

Rank your child's preferred school higher in the school choice order. This will increase your child's chances of being posted to that school, if tie-breakers are required.

## TIPS FOR PARENTS!

Be open and flexible when discussing your child's preferences, needs and choices.

Manage your own expectations and do not project these expectations onto your child.

Have regular conversations with your child to understand more about his/her interests and aspirations.

Affirm your child and offer support when he/she shares his/her plans with you.
